Specification

1. Applicant is reminded of the proper language and format for an abstract of the disclosure.

The abstract should be in narrative form and generally limited to a single paragraph on a separate sheet within the range of **50 to 150 words**. It is important that the abstract not exceed 150 words in length since the space provided for the abstract on the computer tape used by the printer is limited. The form and legal phraseology often used in patent claims, such as "means" and "said," should be avoided. The abstract should describe the disclosure sufficiently to assist readers in deciding whether there is a need for consulting the full patent text for details.

The language should be clear and concise and should not repeat information given in the title. It should avoid using phrases which can be implied, such as, "The disclosure concerns," "The disclosure defined by this invention," "The disclosure describes," etc.

Claim Objections

2. Claims 1-10 are objected to because of the following informalities: Regarding claim 1, Applicant has made a type "o" in line 3, whereby "comprising" is missing. Appropriate correction is required.

Allowable Subject Matter

3. Claims 1-24 are allowed over prior art.

Art Unit: 2667

4. The following is a statement of reasons for the indication of allowable subject matter: Although the prior art of Jawanda discloses seamless roaming between wireless terminals and processing resources as associated in a WWAN and WLAN, he fails to teach or suggest a system for automatic and seamless vertical roaming wherein WLAN command apparatus to initiate transfer of traffic between the mobile station and a remote user on the WLAN via the gateway to the WWAN when signal degradation occurs.

Conclusion

5. This application is in condition for allowance except for the following formal matters:

The Abstract is more than 150 words, and there is a typographical error in line 3 of claim 1, wherein "comprising" is missing.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
